

# Microsoft 365 Cloud Backup

Automatically protect and recover  
all business-critical data

Everleap's Microsoft 365 Cloud Backup solution ensures that your critical business data is backed up safely and securely. The user-friendly interface and features, like granular restore, military-grade AES encryption and automated and incremental backups, make it the most complete Microsoft 365 Cloud Backup solution.

Everleap's Microsoft 365 Cloud Backup is a simple and powerful solution that automatically protects our most important Microsoft 365 data in the cloud and restores any file on demand. The solution backs up Email and Attachments, Contacts/Calendars/Tasks, SharePoint, OneDrive, Groups and Teams.

## Secure

Data is stored on regulation-compliant servers employing 256-bit (AES) military-grade encryption and supports multi-factor authentication (MFA).

## Role-based Access

A single-panel dashboard includes admin and user management options and role-based access.

# Product Features

## BACKUP & RETENTION

- Automated and incremental backup
- One-click download, restore & migrate
- Customization of retention periods to “age out” backups
- No hardware or software required
- Access backups from any device/location
- Per-user pricing with no minimums
- Free deleted user backup
- Unlimited storage and retention
- No ingress and egress fees
- No hidden fees

## USER UI

- Admin panel
- Granular access and control
- Advanced user management options
- Role-based access including end-user
- Platform independent
- Multiple user access
- Notifications

## DATA SECURITY & PRIVACY

- Data availability and service uptime  $\geq 99.99\%$
- 256-bit (AES) encryption at rest and in transit
- Multi-factor authentication (MFA)
- Data centers are SOC2, FISMA, ISO 27001, SSAE-16 compliant
- Vulnerability testing
- Security Management
- System Monitoring

## POWERFUL SEARCH

- Fast search supporting regular expressions
- Search backups with 20 search criteria
- Unified search across Email, OneDrive, SharePoint
- Reusable saved search with email alerts
- No search limitations or timeouts

## DATA RECOVERY

- Restore directly to mailbox, OneDrive, SharePoint, contact, calendars, and tasks with one click
- Restore to default folder, existing folders or create a new folder
- Free self-service download/export of data
- Advanced search

# Microsoft 365 Cloud Backup

Everleap’s Microsoft 365 Cloud Backup is a simple and powerful solution that automatically protects your most important Microsoft 365 data in the cloud and restores any file on demand.

Outlook	SharePoint	OneDrive	Contacts/ Calendars/ Tasks	Groups & Teams
<ul style="list-style-type: none"> <li>• View email without search</li> <li>• Migrate per user to other user or destination</li> <li>• Download mailbox</li> <li>• Restore mailbox, folder, message</li> <li>• Migrate per mailbox to other user or destination</li> <li>• Download PST, EML, mailbox</li> </ul>	<ul style="list-style-type: none"> <li>• Restore site, document library, folder, files</li> <li>• Restore to other site</li> <li>• Restore all to one folder</li> <li>• Download files</li> <li>• Lists – items and columns for all permissions</li> <li>• Document libraries – content, view and content types for all permissions</li> <li>• Sub-sites – lists and document libraries</li> </ul>	<ul style="list-style-type: none"> <li>• Restore drive, folder, files</li> <li>• Restore to other drive</li> <li>• Restore all to one folder</li> <li>• Download drive, folder, files</li> </ul>	<ul style="list-style-type: none"> <li>• Restore calendar events, contacts, tasks</li> <li>• Download files</li> <li>• Email and folders for mailboxes and public folders</li> <li>• Shared mailboxes</li> </ul>	<ul style="list-style-type: none"> <li>• Download files</li> <li>• Channel chat</li> <li>• Tasks</li> <li>• Email</li> <li>• Drive</li> <li>• Site</li> <li>• Calendar</li> <li>• Files</li> <li>• Conversations</li> <li>• Notebook</li> <li>• Planner</li> </ul>

## It's a No-Brainer

### *GREAT VALUE*

For the cost of a cup of coffee each month, critical email files, calendars, attachments and tasks can be protected against the threat of ransomware, accidental data loss, or sabotage.

### *FILLS A BACKUP PERFORMANCE GAP*

Microsoft 365 does not backup deleted emails for more than 90 days. Our Microsoft 365 Cloud Backup service gives you uninterrupted backup coverage in the cloud, with unlimited storage and retention.

### *GAIN PEACE OF MIND*

Threat to company data have never been higher. In the same way businesses insure their companies from liability, fire damage or theft – every business needs to be backing up their emails and data files.

Third party email backup is critical to your Business Continuity and data protection/recovery efforts

### **Why backup email?**

Human error is the main cause of 95% of cybersecurity breaches, and 94% of malware is delivered via email.\* From a simple click of a malicious email to accidental deletions to disgruntled employees, it's easy to lose your critical email data.

### **The cloud email backup myth**

"I don't need email backup, because I use a cloud service like Microsoft 365." Not true. Although related cloud-based systems provide limited ability to partially backup email data, they do not properly protect email data for your business.

### **Microsoft does not have you covered**

From Microsoft's Service Agreement (Sec. 6b): "In the event of an outage, you may not be able to retrieve Your Content or Data that you've stored. We recommend that you regularly backup Your Content and Data that you store on the Services or store using Third-Party Apps and Services."

\*Verizon Data Breach Investigations Report (DBIR) 2019

**ABOUT EVERLEAP** Everleap provides managed cloud solutions to empower small and medium sized businesses (SMB) to succeed in their cloud enablement journey. Everleap offers shared and custom cloud hosting solutions for websites, web applications, databases, and intranets. Everleap is also the single source for comprehensive cloud solutions for SMB cybersecurity.
